Inhaltsangabe	This course offers a foundational understanding of management principles as they apply to the fields of sport, events, and tourism. It explores how organizations operate in experience-based

	industries that are shaped by consumer behavior, public-private partnerships, and global trends. Emphasis is placed on the distinctive features of managing people, resources, and services in contexts where intangible value, stakeholder diversity, and sustainability are central. Topics covered include: Basic functions of management (planning, organizing, leading, and controlling). Organizational structures in sport, event, and tourism enterprises. Service quality and customer experience. Stakeholder management. Leadership and team dynamics. Strategic and operational planning. Introduction to sustainability and innovation in experience sectors.
Themen der Lehrveranstaltung	The course covers the following main topics: - What is management and who is a manager - The history of managerial thought - Planning in management - Organizational structures and human resources management - Understanding leadership - Controlling work and organizational processes
