## *Course Description*

Course Title	Developmental and Educational Psychology
Course Code	51082
Course Title Additional	
Scientific-Disciplinary Sector	PSIC-02/A
Language	German; Italian
Degree Course	Bachelor in Social Work
Other Degree Courses (Loaned)	
Lecturers	<p>Prof. Dr. Reinhard Tschiesner,  <a href="mailto:reinhard.tschiesner@unibz.it">reinhard.tschiesner@unibz.it</a>  <a href="https://www.unibz.it/en/faculties/education/academic-staff/person/29821">https://www.unibz.it/en/faculties/education/academic-staff/person/29821</a></p> <p>Prof. Livia Taverna,  <a href="mailto:Livia.Taverna@unibz.it">Livia.Taverna@unibz.it</a>  <a href="https://www.unibz.it/en/faculties/education/academic-staff/person/4202">https://www.unibz.it/en/faculties/education/academic-staff/person/4202</a></p>
Teaching Assistant	
Semester	First semester
Course Year/s	2
CP	9
Teaching Hours	60
Lab Hours	0
Individual Study Hours	165
Planned Office Hours	24
Contents Summary	<p>In the course of the course, students should become familiar with central developmental theories and theories for understanding and planning educational behaviour and contexts that are central to the field of social work.</p> <p>are central to the field of social work. The focus is also on getting to know specific forms of experience and behaviour in the various phases of life as well as theoretically and empirically based</p>

	<p>strategies on how to meet people in the corresponding phases of life.</p> <p>in the corresponding phases of life. Attention will also be paid to atypical developmental trajectories and the contexts in which they arise.</p> <p>With regard to Educational Psychology, students are expected to develop appropriate skills for:</p> <p>(a) the acquisition of knowledge and intervention strategies on the main educational and training problems in current inter-cultural contexts (basic school and vocational training, family, youth groups, etc.)</p> <p>b) planning and managing differentiated modes of intervention according to the specific psychological problems of the different ages of the users</p> <p>c) implementing communication procedures and techniques that facilitate the encounter and relationship</p>
<b>Course Topics</b>	<p>The course aims to familiarise students with the most important concepts and theories from developmental and educational psychology for the field of social work.
