courses of action conducive to the creation of a new enterprise;  
 ILO 2.f Ability to acquire and select relevant information to frame cases of innovation (product, service, social, managerial organisational), also different from the studied contexts;  
 ILO 2.g Ability to propose and implement strategic and operational courses of action to foster the development of innovations by a company;

#### ILO 3: AUTONOMY OF JUDGEMENT

ILO 3.a Acquire the ability to analyse complex entrepreneurial problems, such as the elaboration and evaluation of an entrepreneurial project (business plan) or the development of a new product;

ILO 3.b Autonomy of judgement is developed in the training activities carried out for the preparation of the thesis, as well as in the exercises that accompany the lectures and that involve group discussions and the comparison of individual analyses carried out by students in preparation for the lecture.

#### ILO 4: COMMUNICATION SKILLS

ILO 4.a Acquire the ability to describe and communicate in an intercultural context, in a clear and precise manner, problematic situations typical of the management of a new enterprise and the development of innovation, such as, for example, the conditions for the validation of a problem or solution, the prospects and risks associated with a business model or an innovation project. The development of communication competences assumes heterogeneous situations such as, for example, the presence of internal stakeholders (e.g. colleagues, managers, owners), or external stakeholders (e.g. potential investors, suppliers and other business partners) and the ability to sustain an adversarial process;

ILO 4.b The achievement of these objectives is assessed in the course of the training activities already mentioned, as well as in the discussion of the final thesis.

#### ILO 5: LEARNING SKILLS

ILO 5.a Acquire the ability to study independently, to prepare summaries;

ILO 5.b Acquire the ability to identify thematic connections and to establish relationships between different cases and contexts of

	<p>analysis;</p> <p>ILO 5.c Acquire the ability to frame a new problem systematically and to generate appropriate taxonomie;</p> <p>ILO 5.d Acquire the ability to develop general models from the phenomena studied.</p>
