Art der Prüfung	A. Modality "attending" Assessment 1 (60%): open-book written final exam with exercises to develop as proposed in class. They are designed to check knowledge and understanding in terms of financial reporting activity. Class participation aims to assess the student's ability to apply knowledge and understanding, make judgements and communicate them orally (ILOs 1.1 - 1.4, 2.1 - 2.2). Assessment 2 (40%): take home report will be assigned during the during the semester. It will be requested at the end of the course, before the final exam. To be accepted, the assignment must be handed in on time. This report requires students to exhibit the capacity for exploring specific financial accounting information released by companies and assessing this data to show how these companies meet or beat the investors' expectations. The assigned report also measures the student's ability to research relevant normative and economic information to apply to a specific situation (ILOs 3.1 - 3.3, 4). B. Modality "non-attending" Closed-book written final exam (100%) on the entire material covered during the course (=assessment 3). The problems included in the final examination aim to assess the acquisition of knowledge and understanding and the ability to apply these to new situations. The exam questions and assigned cases also assess the student's ability to make judgements and communicate effectively in writing (ILOs 1.1 - 1.4, 2.1 - 2.2, 3.1 - 3.3, 4).
Bewertungskriterien	The examination includes qualitative and quantitative questions requiring brief explanations and/or calculations. Scores will be awarded on the basis of the correctness of the calculations and/or the degree to which the argumentation relates to the concepts of the concepts of the course.
