Sintesi contenuti	The course "Management of SMEs: Fundamentals of Family Business Management" focuses on the essential aspects of managing family small and medium-sized enterprises (SMEs), including strategic planning, financial management, and marketing strategies. It covers the challenges and opportunities faced by Family SMEs in the global market, emphasizing innovation, sustainability, and growth.

	Students will learn about the importance of family leadership, professionalization, change management, succession planning, sustainability & CSR, human resource management, and effective communication in the success of SMEs. The course also includes case studies for each topic and practical exercises to provide real-world insights into the management of SMEs.
Argomenti dell'insegnamento	On successful completion of this course, students should be able to: -Identify the definitions, characteristics, and distinctive traits of SMEs (circles, stages, theories, and models) (Introduction to SMEs and family firms) -Compare and contrast family and non-family small businesses -Describe the fundamentals of business administration and decision-making in SMEs and family firms -Enumerate goals and goal setting in SMEs and family firms -Explain governance structures and architectures in SMEs and family firms -Identify power and succession dynamics in SMEs and family firms -Develop strategies for growth and performance measurement in SMEs and family firms -Relate the management of innovation and technological change in SMEs (e.g., incremental innovation vs. radical innovation) and family firms -Assess the management of green innovation, sustainability (SDGs), and corporate digital responsibility (CDR) in SMEs (family firms) -Explain the management of internationalization of SMEs. -Apply change management mechanisms in SMEs and family firms.
Parole chiave	SMEs Family Business Succession Planning Professionalization Business Case Studies

	ILO 4 Learning ability ILO 4.1 analysing, critically processing and integrating data, information and future experience, also using advanced software
Obiettivi formativi specifici e risultati di apprendimento attesi (ulteriori info.)	Knowledge and understanding • Understand basic principles behind the management and administration of SMEs and family firms • Understand the distinctive strategic and managerial challenges to manage small firms and family firms effectively • Appreciate and understand the role of families in SMEs Applying knowledge and understanding • Assess the role of families in creating and sustaining competitive advantage and disadvantages • Understand key dimensions of family influence and their implications for business administration and organizational outcomes in SMEs • Critically evaluate the strengths and weaknesses of SME firms in the context Making judgments • Make judgements about the distinctive organisational and managerial implications of SMEs' influence on business organizations • Critically appraise alternative approaches to managing SME firms for longevity • Evaluate the advantages and disadvantages of family SME firms Communication skills • Develop communication skills for presenting and discussing small business cases or other projects assignments in the context of small firms Learning skills • Detect critical issues in small business management and identify organizational solutions • Systematically make decisions between different routes of action in the small business • Develop and evaluate concepts related to small firms

Modalità di esame	• Written exam: open and closed-ended questions with review questions to test knowledge of theory and application skills (for both attending and non attending students). • Written group assignment + presentation (mandatory for attending students) is a project work carried out in groups in the mid-term in the form of a presentation or report. • Non-attending students, written exam with open and closed-ended questions. NOTE: Written group assignments are valid for one academic year and cannot be carried over beyond that time frame. ILOs assessed 1 to 4
Criteri di valutazione	40% written exams. The written exam consists of review questions or critical assessments of topics related to the management and economics of SMEs (multiple-choice questions and/or a variable number of open-ended questions). 40% project work (only for attending students). The midterm assignments (project works), presented as a .ppt file, involve analyzing and discussing management challenges and issues in the context of SMEs and family firms. The lecturer assigns project work, which is delivered before the end of the course. The presentations are expected to be based on theoretical concepts covered in class and the extant literature. 20% class activities (only for attending students). The class activities, which involve analyzing and discussing cases related to SMEs and family firms, will be conducted during the lectures and must be submitted during the corresponding class session. It is relevant for the written exam: clarity of answers based on the knowledge provided in readings, textbooks, slides, and verbal information (including the practitioners' workshops), ability to summarize, evaluate, and establish relationships between topics, ability to analyse small business issues critically. It is relevant for project work: the ability to work in a team, creativity, critical thinking skills, the ability to summarize in one's

	own words, and presentation skills. 100% Written exam for students who do not attend lessons (Students who will not attend at least 50% of classes). A written exam (100%) will assess the knowledge and skills learned throughout the course.
Bibliografia obbligatoria	Recommended texts and notes will be provided at the end of each lecture and included in the lecture slides. Before each lecture, the slides and required readings will be uploaded to the <i>OLE platform</i>. Moreover, a list of selected resources for small business education, including books, movies, magazines, and teaching cases, will be made available in the initial lecture. Below is a list of some of the most recommended readings, which serves as a general guide. Non-attending students should focus on everything uploaded on OLE platform
