Ressumè di contegnus	The course serves to acquire additional language skills. Basic specialised language course at B2 level of the Common European Framework of Reference for Languages. Building on the terminology, text types and grammar of the specialised language are practised and trained in a goal-oriented manner.
Argomenc dl curs	The course is aimed at acquiring further language skills. A basic course in specialised language for students of economics based on B1+ (CEFR). The course focuses on the different language styles used in the

	field of economics and aims to improve students' receptive, but especially productive language skills in general. The topics covered include an introduction to more complex grammatical structures used in this field and at this level, with subsequent consolidation through practical applications. Another focus is on improving productive skills, especially writing skills, so that students are able to write correct, coherent texts for professional use in German. Topics - Application letters and curriculum - Study and university environment - Research and science - New technologies - Environment - Life and culture - Business: job profiles, companies (organisation, presentation, corporate identity; - Repetition of grammar: subjunctive, connectors, sentence structure.
