

Syllabus

Course Description

Course Title	Inclusive Pedagogy and Didactics
Course Code	12424
Course Title Additional	
Scientific-Disciplinary Sector	PAED-02/A
Language	German; Italian
Degree Course	5 year master degree in Primary Education - German section
Other Degree Courses (Loaned)	
Lecturers	Prof. Heidrun Demo, Heidrun.Demo2@unibz.it https://www.unibz.it/en/faculties/education/academic-staff/person/15115 Dr. Renate Maria Heissl, RenateMaria.Heissl@unibz.it https://www.unibz.it/en/faculties/education/academic-staff/person/32110 Dott. Mag. Sofia Cramerotti, Sofia.Cramerotti@unibz.it https://www.unibz.it/en/faculties/education/academic-staff/person/37376 Prof. Dr. Simone Seitz, Simone.Seitz@unibz.it https://www.unibz.it/en/faculties/education/academic-staff/person/42442 dr. Francesca Berti, Francesca.Berti@unibz.it https://www.unibz.it/en/faculties/education/academic-staff/person/45869 Dr. Petra Auer, Petra.Auer@unibz.it https://www.unibz.it/en/faculties/education/academic-staff/person/36313
Teaching Assistant	

Semester	Second semester
Course Year/s	4.
CP	10
Teaching Hours	60
Lab Hours	40
Individual Study Hours	150
Planned Office Hours	30
Contents Summary	See the individual course modules.
Course Topics	See the individual course modules.
Keywords	inclusive Education inclusive pedagogy and inclusive teaching inclusive school development
Recommended Prerequisites	
Propaedeutic Courses	
Teaching Format	2 lectures & 2 laboratories
Mandatory Attendance	In accordance with the regulation
Specific Educational Objectives and Learning Outcomes	Plan and implement inclusive educational and didactic programmes for the class/kindergarten group or differentiated measures for individual pupils/children. Expected learning outcomes and competences: Knowledge and understanding - Know models and concepts of inclusive school development and inclusive development of kindergartens and be able to reflect on them in a theory-based manner - Know methods of team-based inclusive classroom management and group leadership and be able to reflect on them in a theory-based manner - Know the possibilities of didactic differentiation for heterogeneous learning groups and be able to reflect on them based on theory - Know the WHO ICF-CY classification model and be able to reflect on it based on theory - Know interpretation models of reading, writing and maths processes and the associated difficulties

	- Analyse potentials and barriers to learning and develop related didactic strategies for action and reflect on them in a theory-based manner - Know methods of educational and learning documentation, dialogue about learning and performance feedback and be able to reflect on them based on theory - Know methods of supported communication - Know and implement pedagogical options for action geared towards participation in the case of challenging behaviour and be able to reflect on them in a theory-based manner Apply knowledge and understanding - Design inclusive school development and inclusive development of kindergartens and be able to reflect on them from a theoretical perspective - Be able to plan educational practice and lessons on a team basis according to aspects of inclusive pedagogy and didactics and reflect on them in a theory-based way - Be able to plan team-based according to the approaches of inclusive pedagogy and didactics and reflect on them in a theory-based manner - Be able to adapt didactic material to inclusive practice in specific situations - Be able to develop and reflect on didactic action strategies for support with regard to learning potential and learning difficulties - Implement procedures for educational and learning documentation, dialogue about learning and performance feedback and reflect on them in a theory-based manner - Create individual educational plans based on specific examples and integrate them into pedagogical-didactic concepts Make judgements - Be able to critically and theoretically reflect on theories, models and concepts of inclusive pedagogy and didactics - Be able to analyse case situations in relation to theory and concepts - Be able to critically analyse pedagogical and didactic material and reflect on it in relation to theory Communication
--	--

	- Know technical terms and be able to use them correctly - Be able to reflect on pedagogical and didactic concepts and guiding principles in a team-based manner Learning strategies - Be able to analyse specific case studies in a theory-based manner and derive pedagogical and didactic options for action from them
Specific Educational Objectives and Learning Outcomes (additional info.)	
Assessment	The exam consists of four parts: 1) answers to 15 closed questions on the content of the two lectures in Italian and German (in presence)(30%) 2) written essay (to be written in German or Italian)(in presence) (30%) 3) Products from the laboratory "Pedagogy and Didactics of Inclusion for Childhood and Adolescence" (20%) 4) Products from the laboratory "Diversity, Learning Difficulties and Learning Disabilities" (20%) More detailed information on the product formats will be announced at the beginning of the semester.
Evaluation Criteria	In order to pass the examination, all four parts must be assessed positively. In the event of a negative assessment of the entire module, positively assessed products are deemed to have already been submitted at the next attempt to take the entire module examination. Please note that even in this case, a negative assessment for the entire module will be taken into account when calculating the number of examination attempts. Please note that according to the examination regulations, three attempts without passing will result in a block for three examination dates (see also Article 6, Paragraph 4 of the current examination regulations).
