<b>KP</b>	2
<b>Vorlesungsstunden</b>	0
<b>Laboratoriumsstunden</b>	10
<b>Stunden für individuelles Studium</b>	15
<b>Vorgesehene Sprechzeiten</b>	0
<b>Inhaltsangabe</b>	The course proposes an interpretation of the Alpine space from an anthropological point of view, analysing the phenomena that characterise it from an ecological, sociological and productive point of view, as well as with regard to its cultural and ideological perception. Specific case studies will be analysed and there will be the opportunity to interact through short ethnographic work with

	some regional Alpine micro-contexts by experimenting with anthropological research methodology.
<b>Themen der Lehrveranstaltung</b>	<ul style="list-style-type: none"> <li>- The birth of cultural anthropology and the relationship with Alpine anthropology: living territories and identity</li> <li>- The Alps as a "magnificent laboratory" or the invention of the mountains: Enlightenment, romanticism and primitivism.</li> <li>- Living in the Alps: ecology and community, modes of production and forms of social organisation, anthropisation of the territory and forms of settlement, private property and great transformation, collective domains in the historical context and in the contemporary context, legislative foundations (168/2017) and case studies of resilience and resistance.</li> <li>- Traditional settlements in Ladin valleys: viles, Communitas Vallis, Erbhof</li> <li>- Tangible and intangible cultural heritage: environment and technology, sheep, goat and cattle breeding (mountain pasturing, transhumance, milk-dairy production, circular economy of alpine pasture, stable meadows), agriculture from subsistence to monoculture industrialisation, economic-commercial relations, limits of development, sustainability in the Highlands, emigration, roots and practices of autonomy</li> <li>- Alpine Mediterranean diet: cultural-historical development of a food model. Food and tourism innovation. The territoire of edible life.</li> <li>- Demography and limits of development, family and kinship structures, village endogamy and exogamy.</li> <li>- Migratory movements in the Alpine context.</li> </ul>
