Wissensch. Mitarbeiter/Mitarbeiterin	
Semester	Zweites Semester
Studienjahr/e	1
KP	6
Vorlesungsstunden	36 (12 Gori + 12 Fissi + 12 Romolini)
Laboratoriumsstunden	-
Stunden für individuelles	

Studium	
Vorgesehene Sprechzeiten	18 (6 Gori + 6 Fissi + 6 Romolini)
Inhaltsangabe	The course adopts an approach that emphasizes the study of public management from both theoretical and practical perspectives, with a particular focus on local authorities. It examines the key characteristics of Italian public administrations, analyzing their managerial and accounting processes. Specifically, the course delves into the modified cash basis of accounting, planning, budgeting, and control systems, as well as corporate social responsibility, innovation, and digitalization.
Themen der Lehrveranstaltung	<p>The course analyzes:</p> <p>Part I</p> <ul style="list-style-type: none"> • the fundamental elements of public administration studies and their management principles; • the services, characteristics, and specificity of public management; • the accounting harmonization of public administrations and local governments; • the cash and accrual accounting; • the programming of the budgetary system. <p>Part II</p> <ul style="list-style-type: none"> • the budgetary system of local authorities; • the reporting system. <p>Part III</p> <ul style="list-style-type: none"> • the sustainability reporting system; • the internal and external auditing of local authorities; • the local public group and the consolidated financial statement; • the digitalization of the public administration: strategy and tools
