Spezifisches Bildungsziel und erwartete Lernergebnisse (zusätzliche Informationen)	
Art der Prüfung	<p>Module 1</p> <p>For attending students:</p> <ul style="list-style-type: none"> • Presentation of business cases in small groups (weight 40%) • Written Final Exam (combination of multiple choice questions and exercises, weight 60%) <p>Note: The grade obtained in the presentation of the business case is valid for 1 academic year and cannot be carried over beyond that time-frame.</p> <p>For non-attending students: Written Final Exam (combination of multiple choice questions and exercises, weight 100%)</p> <p>Module 2</p> <p>Written Final Exam (weight 100%). Individual written test that consists of both financial theory questions and practical exercises. Treatment of attending and non-attending students for assessment is alike.</p> <p>Final Grade</p> <p>The final grade is established by assigning 50% of the overall assessment to modules M1 and M2, respectively.</p> <p>Students must receive a positive assessment for both modules to have a passing grade in the course.</p>
Bewertungskriterien	<p>The assessments are intended to assess how well students understood the material covered throughout the course and the links among the various topics.</p> <p>In the business cases, students must prove their ability to search for relevant economic information that apply to specific business problems and provide managerial recommendations to address them. Class presentations allow the discussion of the solutions suggested in an interactive way.</p>

	In the final written exam, students must demonstrate their understanding of the concepts and use of proper technical language: clarity in exam execution and quality of the written output are essential.
