Specific Educational Objectives and Learning Outcomes (additional info.)	
Assessment	The examination consists of four separate components: 1. Art LECT: the examination consists of a written test in the form of a questionnaire with open and closed answers on the day of the examination call; 2. Music LECT: the examination consists of a written test in the form of a questionnaire with open and closed answers on the day of the examination call; 3. and 4: Art and Music LAB: the examination consists of a partial assessment test as indicated by the lecturers. No interview is scheduled. The overall grade will then be directly recorded on the cockpit platform.
Evaluation Criteria	The module provides for the award of a single final mark. Specifically, the following will be considered and assessed for the

	written examination: accuracy of answers, relevance, logical structure, clarity of argument, lexical appropriateness, completeness, propositional skills and creativity. The individual workshop assessments will take into account the participation and quality of productivity, participation and learning outcomes at workshop level. In the case of a failing grade for the entire module, any partial examinations successfully passed will be considered as already passed in the next attempt to take the entire module examination. It should be noted that, even in this case, a negative mark for the entire module will be counted towards the number of attempts available to take an examination. According to the Examinations Regulations, if a student fails an examination in three consecutive attempts, he/she may not register for the same examination in the three sessions following the last attempt (Art. 6, para. 4 of the current Regulations for Proficiency Examinations).
